Higher medical education in the heart of Siberia!

Omsk State Medical University, founded in 1920, is one of the oldest and largest universities in Siberia and in Russia. According to the results of official and independent expertise, OSMU is constantly ranked among 100 best universities of Russia. More than **8.5 thousand specialists** graduate from the university **annually**. Among graduates, there are more than **350 Doctors of Medicine, 1600 Candidates of Medical and Biological sciences**. Graduates work in all regions of the country, as well as abroad.

Training takes place at 5 faculties:

- General Medicine;
- Pediatrics;
- Dentistry;
- Preventive Medicine;
- Pharmacy.

OSMU includes 60 departments with 66 professors and 122 doctors of sciences, 326 candidates of sciences. In addition, there are 33 training bases in the leading medical institutions of Omsk and of the Omsk region, equipped with modern diagnostic and medical equipment. Omsk State Medical University has all the conditions for comfortable study and life of foreign students.

The university has:

- highly qualified academic teaching staff, teaching in English;
- the richest scientific medical library;
- three student residence halls;
- sports and fitness complex "Olympiyskiy" with a swimming pool and gym;
- sports and recreation facilities in the countryside recreation area;
- student and sports clubs.

ADMISSION RULES AT OMSK STATE MEDICAL UNIVERSITY

Omsk State Medical University (OSMU) invites foreign citizens to apply for the Specialist degree in General Medicine (code 05.31.01, 6 years of higher education) at the Faculty of General Medicine. The graduates of this program have the right to work as general practitioners at hospitals and clinics in Russia and abroad. The mastering of the educational program is offered in English some subjects in Russian. Educational program includes intensive courses of Russian language as foreign during the first three years to feel confident during practices at local hospitals.
